3. Online conclusion of contract and order process

We inform you about the terms and the characteristics of the goods on our website and in our print media (catalogues, advertising brochures, etc.). The presentation of the goods does not constitute an offer to enter into a contract, but rather a non-binding invitation for you to place an order with us for goods.

A link is provided at the bottom of each page (footer) of our online shop to our general terms and conditions, in addition to other links to our "Information for Customers" and the withdrawal form, thereby allowing the contractual terms and other necessary information to be retrieved, saved and printed out.

It is only possible to place orders on the online shop over the internet by using the interface provided on www.loeffler.at. The website is only available in German and English. Prior to placing an order, the customer must – if need be – create a password and provide his date of birth and telephone number in the fields provided in the online shop, in addition to providing his name, address and email address, thereby enabling him to receive, read, save and print out emails from us.

By placing an order on the online shop by clicking on "Order with an obligation to pay", you are offering to enter into a contract to purchase the goods in the shopping basket. We will immediately confirm receipt of the order by email. However, this confirmation of receipt of the order does not constitute acceptance of the offer. The confirmation of receipt of the order only constitutes a declaration of acceptance if we explicitly state this to be the case. We are entitled to accept the order for the goods within three working days (Monday to Friday) of receipt of the order, whereby this acceptance can also be effected by dispatching the goods ordered. We are entitled to refuse acceptance of the order; for instance, after checking your creditworthiness. In principle, only items that can be delivered can be ordered on the online shop. Nevertheless, should individual items not be deliverable, we will contact you by email and give you the option of selecting other items. If you do not select any replacement items or cannot be reached by email, the contract for the items which can be delivered will be concluded. There is no minimum order value. The maximum order value (value of goods excluding delivery costs) is EUR 5,000.00 (five thousand euros).

The individual technical steps leading to your submission of a declaration expressing your desire to enter into a contract and to the actual conclusion of a contract are as follows:
The products offered on the LÖFFLER online shop are separated into women, men, kids, accessories and, where appropriate, SALE, all of which are organised into various main categories. The categories can be found at the top in the navigation bar. By selecting a certain product group (e.g. running), a new navigation menu will appear below it in which all of the subcategories for this product group are listed. Simply click on the desired category (e.g. trousers) and then select the desired product with the mouse. It is possible to select products on the basis of size and colour and it may even be necessary to do so depending on the product in question.

Simply select the desired order quantity in the box next to the button "Add to basket" by entering the relevant quantity and then place the product you wish to purchase in the shopping basket by clicking "Add to basket". To confirm that the product has been added to your shopping basket, a message will appear in an overview window confirming that the item has been added to your shopping basket. Clicking on "Show basket" will bring up a list of the items in your shopping basket, including details such as size, colour, number of units, unit price, total (unit price), shipping costs, total amount (including shipping costs), both including and excluding VAT, and the VAT itself. You can easily change the number of products in the shopping basket, the country of delivery, the means of payment and the shipping method by using a drop-down button.

By clicking on "Continue shopping", you can continue to place other products in your shopping basket. If you click on the shopping cart symbol in the top right-hand corner, a drop-down menu opens in which you can click on "Open basket" which gives you at any time an overview of which products you have already added to your shopping basket and it also allows you to make changes to what you have entered by using the button and drop-down button.

If you want to purchase the products in your shopping basket, click on "Go to checkout". Then please enter your details. Mandatory fields are marked with an asterisk. Registration by setting up a customer account is offered, but it is not a requirement. Registration gives you the advantage of being able to archive your orders and make use of "Watch lists". The order archive allows you to go through past orders. Watch lists offer you the ability to put together and save a virtual shopping list.

Now select the shipping method and means of payment. Below this there is a link to our General Terms and Conditions and another link to our "Information for Customers", which allows the contractual terms and other necessary information to be retrieved, saved and printed out. By a click of the mouse, you confirm that you have read the General Terms and Conditions and Information for Customers and that you agree to their validity. After entering your details, please double check they are correct. You have the option of printing out the order details. You can complete the order process by clicking on "Order with an obligation to pay". You receive further information on the individual pages.

All orders are placed via the online shop. It is not possible place an order over the telephone or by email. It is not possible to make supplementary requests for products which are not included in the range of products offered.

You will receive a detailed invoice by email.
4. Saving of the contract text and transmission to the customer
Due to the order being placed electronically, the contract text is stored by us and sent to you by email following conclusion of the contract along with the legally effective General Terms and Conditions and the Information for Customers, including the withdrawal form.

9. Right of withdrawal of the consumer and the consequences of withdrawal

9.1 Right of withdrawal of the consumer
Consumers have the right to withdraw from purchase agreements.

The withdrawal period is fourteen calendar days:
– in the case of contracts for the sale of goods, from the day on which the consumer has acquired possession of the goods or
– in the case of multiple orders or partial delivery, the day on which the consumer has acquired possession of the last product/item.

To exercise your right of withdrawal, you must send an unequivocal declaration of withdrawal to LÖFFLER to the following email address onlineshop@loeffler.at or send it by fax or post or inform LÖFFLER verbally (by telephone), stating your name, your address and – if you have one – your telephone number. You may make use of the standard form which is provided on www.loeffler.at (withdrawal form). For the purposes of meeting the deadline, it is sufficient if you send off the declaration of withdrawal prior to the expiry of the 14-day withdrawal period.

Written withdrawal should be sent to the following address:
Löffler GmbH
Südtiroler Straße 41
4910 Ried im Innkreis
Austria
Email: onlineshop@loeffler.at
Fax: +43 (0) 7752 84421 – 9193
Telephone: +43 (0) 7752 84421 – 444

Withdrawal form: www.loeffler.at/en/withdrawal-form
9.2 Consequences of withdrawal
The goods must be properly packed by you and returned together with the original invoice within fourteen days of the date on which you communicate your withdrawal. The deadline for communicating your withdrawal is deemed to have been met if the goods are dispatched within the withdrawal period.

You shall bear or reimburse to us the costs incurred in connection with returning the goods. This is understood to mean the transport costs and applies even if delivery to you was made by us free of charge.

You shall compensate us for a reduction in the market value of the goods if this diminished value is attributable to the handling of the goods other than what is necessary to ascertain the nature, characteristics and functioning of the goods.

We shall reimburse to you any payments already received at the same time as the performance required from you (return of the goods received, appropriate payment for use, compensation for the reduction in market value), whereby we are entitled to offset any performance owed by you against payments already received. To effect repayment, we will use the same means of payment used by you to complete the original transaction unless expressly otherwise agreed with you; on no account will you be charged a fee by us for this repayment. We may refuse to reimburse payments made until such time as the goods are once again in our possession or until you have furnished proof that you have sent the goods back to us, whichever is the earlier.

There is, in particular, no right of withdrawal in the case of orders placed for goods which have been manufactured according to the customer’s specifications or which have been tailored to the personal needs of the customer.
